

HATCHES

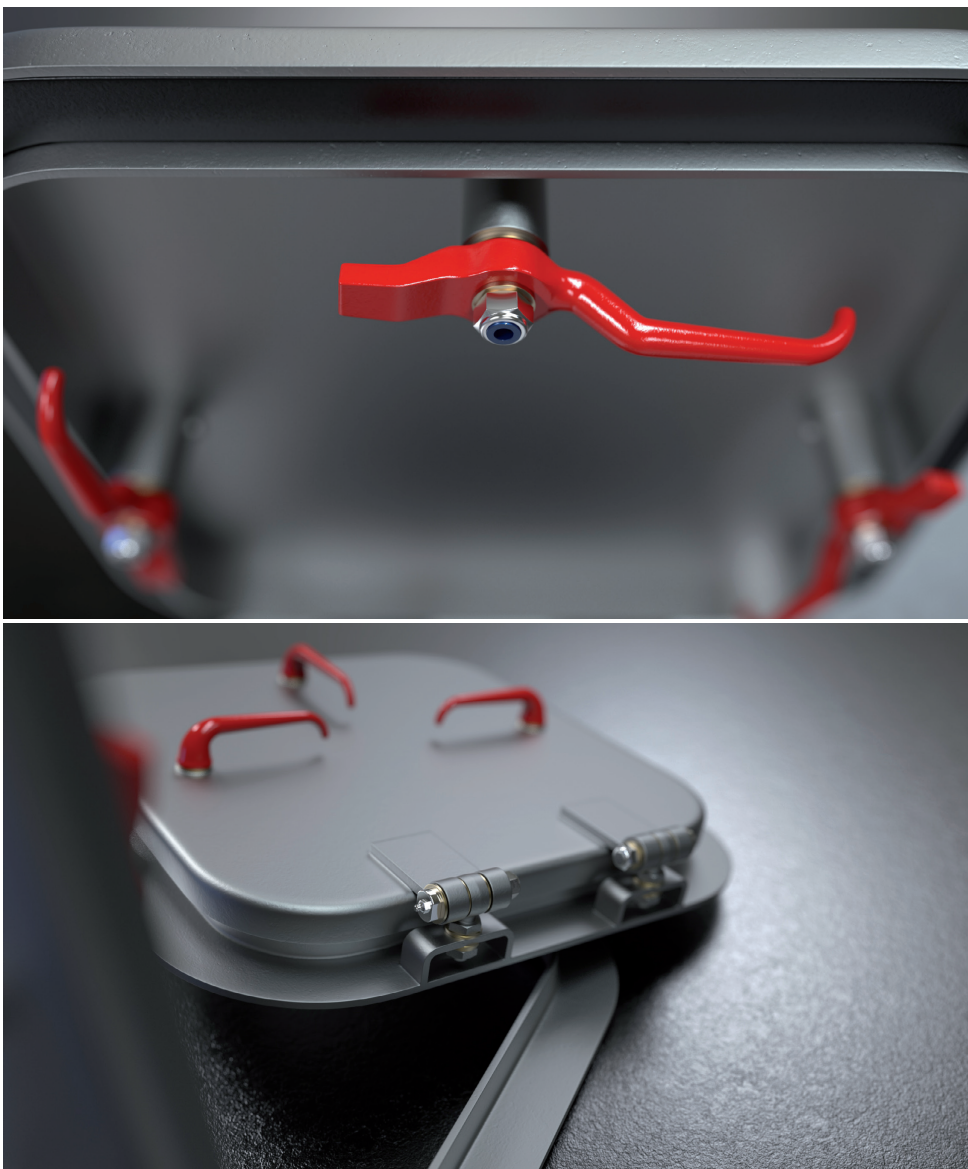

marine hatch technology

BOHAMET

BOHAMET has the capability to supply custom designed hatches to a size which suits your particular vessels requirements. We offer a wide range of hatches - watertight, weathertight and for yachts in various sizes and materials: steel, stainless steel or aluminum. Our hatches are easy to open / close by means of spring loaded hinges in stainless steel and gas springs.

Hatches are fully certified to meet international industry standards.
